## A CONCERT OF HOPE

ON BEHALF OF A GLOBAL  
CURE FOR CANCER

LOS ANGELES

JEWISH SYMPHONY 

Dr. Noreen Green, Artistic Director

# THE LONG BRIGHT – A CANTATA

**The Long Bright** strikes a note that takes us on a journey that is both universal in that cancer touches us all, and also singularly moving as a tribute to the memory of Anni Baker Wolman, an acclaimed coloratura soprano, Broadway singer and philanthropist who, after a five-year battle, succumbed to cancer at the age of 55.

This very special hour-long musical and vocal performance is a result of the collaboration between the acclaimed composer Andrea Clearfield and poet and writer David Wolman. The lyrics for this powerful performance are taken from the poetry written by David, Anni's husband, during her years of illness.

## Lifetime Humanitarian Awards

## ABOUT ICRF

ICRF was founded in 1975 to support the breakthrough work of Israel's most promising cancer researchers, and to prevent the permanent loss of these brilliant young men and women to foreign universities due to lack of funding. To date, ICRF has awarded nearly \$40 million in research grants, every dollar of which goes directly to scientists to support their work.
